# Teak

Looking for black teak furniture?

The new Castle Line teak collection has a refined design with eye for detail. Sensual lines make this garden furniture the perfect addition to your outdoor living space.

The color on the furniture is secured by Rubio Monocoat. A world player when it concerns protecting wood.

## REPAIR KIT RUBIO MONOCOAT BLACK (EBONY)

BC10345

Wood is a natural material with its own characteristics. Variation in grain, colour and knots are characteristics of solid wood. Wood will react to external influences. It is perfectly normal for your table to change over time. Since wood is a living product, it is best to take a few precautions to ensure that the furniture lasts as long as possible. That is why we advise you to purchase the RMC maintenance and repair kit when you buy the black teak furniture. This kit contains a soap with which you can maintain the furniture on a regular basis. Should any damage occur to the black teak furniture, this kit contains all the products you can repair it yourself.

Please be aware that color deviations may occur due to the printing process. All dimensions, models and pictures in this catalogue are subject to modifications, errors and misprints. We reserve the right to modify the dimensions, materials and models at any time. All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted, in any form or by any means, electronic, mechanical, photo-copying, recording or otherwise without the prior written permission of Castle Line.
